Information Thorverton Stone requires to manufacture Decorative Stones

The type of stone required.

The dimensions of the stone.

Useful Information.

Lettering is generally engraved into a stone. A very large number of font types and sizes are available but please check before ordering.

Other decorative stones such as family crests can either be engraved or embossed. The advantage of engraved stone is cost, the advantage of embossed stone is a higher quality.

For complex special designs, please allow several weeks lead-time, the mould work can be extensive.
