

# Classic style Pier Cap

The overall height of the cap depends on the width (the bigger the cap, the higher it is)

Tell us the size of your pier(s) and we'll manufacture classic pier cap(s) to fit it

If there are special requirements such as gate posts or nearby walls to consider, let us know and we'll adjust the dimensions to fit

## Information we'll need to make your order:

- The size of your pier(s)
- How many pier caps you need
- Any special requirements - such as restricted space
